Iconic Fiddler goes to next level

The Fiddler Hotel, corner Commercial & Windsor roads, Rouse Hill NSW 2155

Our customer says:

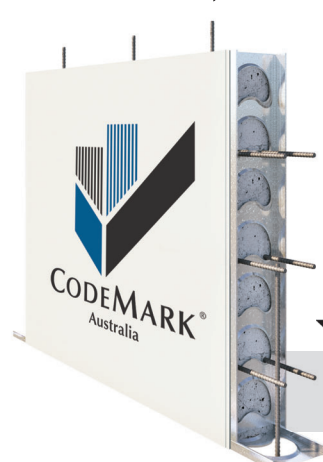

The right choice came in right on time

When expanding the offer from The Fiddler to include a 4.5 star hotel and new function facilities, it was essential that we sourced products that could meet our need for exceptional quality and, from our experience using afs logicwall®, we knew it was the right choice for this project.

We used logicwall® in external and internal wall applications throughout the build and we relied on HD Projects (an AFS Certified Logicwall® Installer) to complete the installation with precision whilst ensuring that our project timeline was met.

The result was sensational and we handed over an exceptional, high-quality hotel to our clients Lewis Land Group.

EDDIE ABOUSLEIMAN, CONTRACTS ADMINISTRATOR, GROWTHBUILT

afs logicwall®

2,647m²

Hotel:
78 rooms
1 function room

Application
