- LUXTON APARTMENTS, CHATHAM ST, PRAHRAN VIC

LOGICWALL® helps construction get across the line on time

Hacer Group pride themselves on being a 'start to finish' builder so in choosing AFS LOGICWALL® for the first time they were relying on a new supplier to meet their needs for attention to detail, ease of installation, quality of finish and on-time delivery.

Hacer weren't disappointed.

And, following the success of Luxton Apartments, this award-winning builder won't now hesitate in specifying LOGICWALL® for future projects.

- AFS LOGICWALL® 200mm party walls
- AFS LOGICWALL® 200mm columns
- AFS LOGICWALL® 200mm lift & stair walls

Don't just take our word for it...

"With the assistance of a well-run administration within AFS, engineers, and a good installation crew, construction speed throughout met our target program and achieved a good end result—especially as it was our first time dealing with AFS. We have now implemented AFS in a number of our projects."

Jonathan Fox, HACER GROUP.
