

PROJECT POWER

Internal, external, above and below ground walling solutions

• 58 MACQUARIE STREET, LIVERPOOL NSW

AFS walling systems add quality, remove hassles and raise standards

With \$55m+ worth of building experience, Dilcara know the importance of getting a promise and going to plan. So, in looking for help with this project they looked to AFS LOGICWALL® and AFS REDIWALL®.

Delays are costly which is why Dilcara prizes AFS for its timeliness, accuracy and consistent high quality.

And they weren't disappointed: the panels arrived as agreed, were sized as expected and proved quick to install. Little wonder this builder is a repeat customer.

50 UNITS	8 + 2 STOREYS
103m ² REDIWALL®	6,700m ² LOGICWALL®

- AFSREDIWALL® 200mm in/external walls
- AFS LOGICWALL® 120mm in/external walls
- AFS LOGICWALL® 120mm balustrade walls
- AFS LOGICWALL® 150mm in/external walls
- AFS LOGICWALL® 162mm internal walls
- AFS LOGICWALL® 162mm party walls
- AFS LOGICWALL® 162mm lift & stair walls
- AFS LOGICWALL® 200mm in/external walls

Don't just take our word for it...

Dilcara Construction again chose AFS LOGICWALL® for their efficient service. From the initial consultation, through to shop drawings, manufacture, delivery to site and installation by HD Projects, the whole process was simple and hassle-free. In addition, the product was perfect, LOGICWALL® provided solid, concrete-feel walls which made for an overall robust structure and exactly what our client was looking for. I would have no hesitation in recommending LOGICWALL®.
